Remission for feeding at the Chathram of Benares lies vested by Rs 1464/- per annum to fund funds for keeping an adequate supply of pure drinking water, and it is now proposed to reduce the grant further by Rs 48/- per annum. It is for consideration whether this can be done without reducing the convenience of the citizens to pilgrims in that far off place. If the charge cannot be met from some other source it is for consideration whether the amount of Rs 48/- cannot be granted as an additional grant to the Castle of the institution (along with the usual amount now granted) and the said to the trustees who can meet an account for certain items included in the Chathram fees.
